

Julia General registry package count, JLL excluded

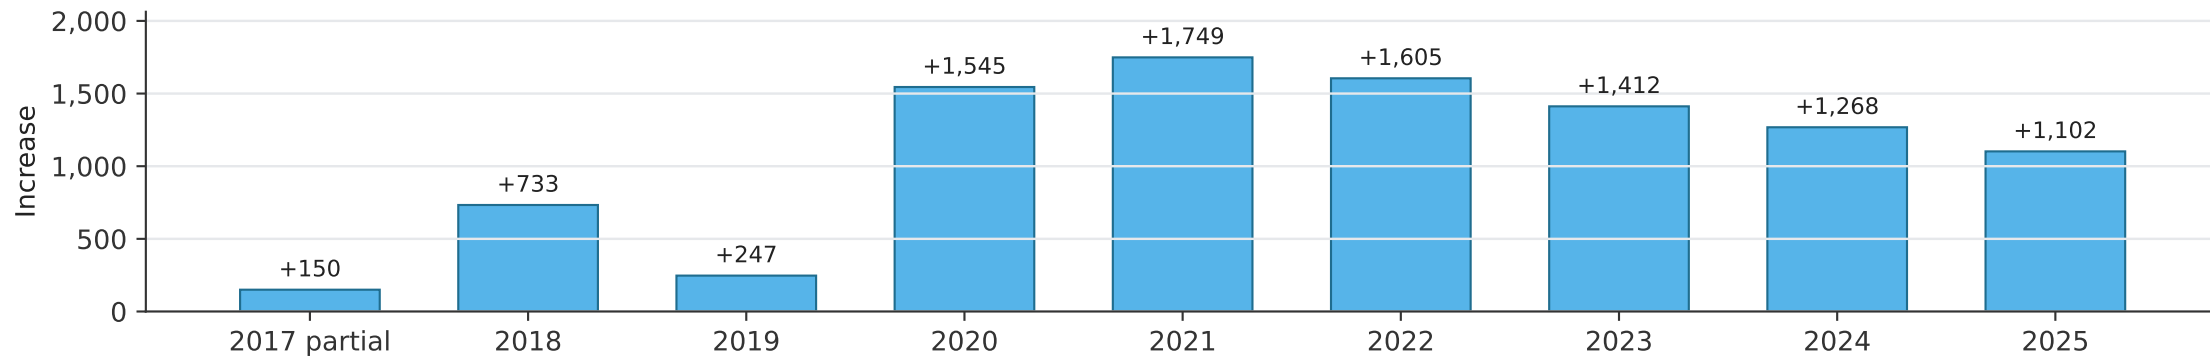

2017* is 2017-08-29, the first non-empty General commit. Snapshot points after that are Jan 1 states.

Lower bars label the year in which the increase occurred; 2017 partial covers 2017-08-29 to 2018-01-01.

Non-JLL package count at snapshot

Non-JLL package increase by year

Source: JuliaRegistries/General. Root [Pp]ackage.toml entries counted; *_jll and jll/ subtree excluded.
